

The graph displays the consumption volume over time. The x-axis represents time from 0 to 100, and the y-axis represents consumption volume from 0 to 100. The red line shows several sharp peaks, with the highest peak reaching approximately 95 at time 40. Other notable peaks occur at time 25 (volume ~85), time 65 (volume ~90), and time 85 (volume ~80). The legend identifies the series as 'consumption': 'VolumeMedia [L]'.
